Re: Injecting drug use in Australia: needle/syringe programs prove their worth, but hepatitis C still on the increase, by Law MG and Batey RG in the 3 March 2003 issue of the Journal (*Med J Aust* 2003; 178: 197-198). Dr Batey's position was incorrectly given as Director, Gastroenterology Department, John Hunter Hospital. His position is Clinical Chair, Division of Medicine, John Hunter Hospital. □
