Re: “**National mental health reform: less talk, more action**”, by Sebastian Rosenberg, Ian B Hickie and John Mendoza, in the 16 February 2009 issue of the Journal (*Med J Aust* 2009; 190: 193-195). On page 193, in the second column, it was stated that “the federal government has only managed to spend \$87.3 million of the \$1.9 billion allocated ... or 6.6% of the total to be spent”. The percentage should have been 4.6%, not 6.6%. □
