

Consent for publication of personal material in the *Medical Journal of Australia (MJA)*

(Note to author: the article title and author's name must be completed before submission. This form must be signed by the patient, guardian or next-of-kin, verbal consent is not permitted.)

Title of article: _____

Corresponding author's name: _____

MJA manuscript number (if known): _____

Name of person described or pictured:

I _____ give permission for material about me (or my child/ward/relative) to be published in the *Medical Journal of Australia (MJA)*.

I understand that:

- The use of my (or my child's/ward's/relative's) material may include publication of the material in all formats (including print and online) of the journal and other publications produced by the *MJA*. The *MJA* is a professional medical journal for doctors, but its website may be accessed by the general public. The material will not be used for advertising, packaging or financial gain.
- I understand that my (or my child's/ward's/relative's) name will not be published and that every attempt will be made to ensure anonymity. I understand, however, that complete anonymity cannot be guaranteed, for example, members of my family or the health care staff who have looked after me may recognise me from the image and/or the accompanying text.
- The article may be the subject of a media release and may be linked to from social media.

Please tick the appropriate box below:

I have read the manuscript or a general description of what the manuscript contains and seen all images of me (or my child/ward/relative) that are proposed to be published.

or

I have been offered the opportunity to read the manuscript and view the images of me (or my child/ward/relative) that are proposed to be published, but I waive my right to do so.

Signed: _____

Date: _____

(within 18 months of time of submission)

Print name _____

Relationship to person on whose behalf you are granting permission, if applicable
