

Supporting Information

Supplementary material

This appendix was part of the submitted manuscript and has been peer reviewed.
It is posted as supplied by the authors.

Appendix to: George J, Allard NL, Roberts SK, et al. Clinical practice guidelines for hepatocellular carcinoma surveillance for people at high risk in Australia: summary of recommendations. *Med J Aust* 2025; doi: 10.5694/mja2.70061.

Conflicts of interest

Conflict of interest was assessed and managed according to Cancer Council Australia's *A Code of Practice for Declaring and Dealing with Conflicts of Interest*. All members were asked to declare in writing any interests relevant to the project, and development of any subsequent material. The Chairs were responsible for evaluating all declarations. The evaluation of possible conflicts of interest was guided by *A Code of Practice for Declaring and Dealing with Conflicts of Interest*. Throughout the development process no significant conflicts of interest were identified. Conflict of interests for the full Expert Advisory Group, Working Group, and Community Reference Group are available as [Appendix J](#) of the guidelines.
