

## CORRECTION

## Erratum

P. M. Latt, E. T. Aung, K. Maddaford, et al.; DoxyAWARE Study Group. Awareness, Usage and Perceptions of Doxycycline Post-Exposure Prophylaxis (doxyPEP) for Prevention of Sexually Transmitted Infections in Australia: Insights From a National Cross-Sectional Survey. *Medical Journal of Australia* 2026; 224(4): e70180. <https://onlinelibrary.wiley.com/doi/10.5694/mja2.70180>.

In the second paragraph of Section 3.3. Uptake and Dosage Regimens, where it says ‘Only 4/323 (1.2%) took it every day (i.e., doxy-PrEP), and the remainder 114/323 (35.3%) used **other non-recommended regimens (3/323, 0.9%)**’, it should read ‘Only 4/323 (1.2%) took it every day (i.e., doxyPrEP), and the remainder 114/323 (35.3%) used **other non-recommended regimens**’.
